**Furnotel®**  
*Professional Commercial*  
**SNACK EQUIPMENT**

Crepe Maker | Toaster | Griddle | Fryer | Waffle Baker | Snack Display | Salamander

“Designed to meet all the requirements of a modern, fast drink and snack service.”

Basic equipment for cafes, pubs and snack bars

**Hotdog Grill**  
Never out of fashion, hot dogs are still the most popular snack over the world!

**Waffle Machine**  
Non-stick coating surface, easy cleaning.

**Fish Ball Maker**  
To cook 28 fish balls at a time.

**Crepe Maker**  
Spiral heating element integrated under the cast iron plate.

**Fryer**  
A range of countertop fryers with single or dual-tank from 4 to 12 litres of oil.

The series include but are not limited to machines for french fries, hot dog, popcorn, smoothie, etc.

# Furnotel Snack Equipment Series

Wide use with high output

Top quality materials guarantee durability over time.

New emotions in your kitchen  
It's actually very simple to make delicious snacks.

# Maximum capacity, Minimum space

## Countertop fryer series

Available with 1 or 2-tank, with or without drain valve, to meet different demands.

Selected  
high quality  
stainless steel

4L/6L/8L/12L gas/electric fryer, to meet the requirements of different kinds of food.

# Fryer

## Safe operation

Built-in heat element. Safe operation with the cover and plastic coated heat resistant handles.

# Countertop Electric/Gas Fryer

## Electric fryer

Bottom stainless steel heating element under the tank. Pilot light to indicate heating. Control by temperature limiter.

## Gas fryer

Cast iron burners. Automatic burner ignition by means of an electromagnetic valve, with pilot light and thermocouple.

## A range of countertop fryers

- Regulation by temperature limiter
- Protection against overheating
- Reasonable design for oil saving
- Meet the hygiene requirements

# Griddle

## Evenly heat distribution

Healthy and quick cooking with the mirror smooth plate for a direct temperature transfer.

## Countertop Electric / Gas Griddle

Available with one temperature control or dual-control type. Completely made in stainless steel. Stainless steel heating elements. Thermostat regulation and warming lamps, gas type with fire probing hole.

Quick heating and high efficiency  
Chrome plated griddle board to reduce heating loss  
High-quality anti-corrosion stainless steel, non-sticking grease

### Chrome coating with 3 phases of polishing

Chrome coating with 3 phases of polishing  
The chrome surface ensures an excellent temperature transfer  
Chrome plated griddle board to reduce heating loss  
Quick heating and high efficiency

# Salamander

## Easy cleaning

The stainless steel food tray is completely removable.

## Height adjustable

Move the mobile head to adjust the distance between food and heat elements

## Enough heating elements

For fast and evenly heating

# Electric Lift Salamander

Completely made in stainless steel

High performance heating elements placed under the mobile head

Adjustable heat of the cooking zones controlled by energy regulator

Movable top can adjust the distance between food and heating elements

Removable inside tray and grid

## FESD-0505

Electric Salamander

Dimension

450x450x500mm

Power

2.8KW

Voltage

220V/50Hz

# Electric/Gas Salamander

Accurate temperature control technology allows users to set temperature for a certain cooking period, so that the food will be evenly colored and achieve unified flavor.

It has a large space divided into several layers.
